

Dear Karen,

Adventus, Latin - "arrival"

We pray you are enjoying this Advent season leading up to the celebration of the birth of our Lord and Savior, Jesus Christ.

This year, we wanted our family to be more intentional about celebrating His coming. For the first time, we've been using the "Jesus Storybook Bible" as our guide and reading corresponding verses from the Bible. It has been beautiful reading the stories together and seeing the boys connect the dots - that ALL Scripture points toward the Savior.

Thankfulness

To you - our faithful supporters - we give you our profound thanks! For reading our newsletters, for praying for us and for your generous financial support. This ministry simply does not happen without you! Thank you!

Making Progress

When we arrived in North Carolina in January, we had about 30% of our required budget pledged. (A special thank you to our early financial supporters: you sustained us immensely!) Our representative in the MTW office recently told us that we are at **62%**. Praise God! MTW's policy requires us to have 100% pledged before we can return to Chile, but 38% isn't that scary, right? **Pray that others would soon make decisions to join our financial support team and pledge ongoing support.**

Looking to 2018

We do have a busy beginning of 2018 already taking shape. We will fill you in on those plans in our next prayer letter.

Thank you so very much for being a constant support of us and this ministry to the differently enabled in Chile.

Have a Merry Christmas and a Happy New Year!

With gratitude,
David & Danielle Grotton
